

## **A person I would like to thank in my primary school**

I am about to graduate this year. There are many people I would like to thank, but the person I would like to thank most is my class teacher. She is also my English teacher. Can you guess who she is? She is Miss Wan.

Miss Wan has taught me for two years. For the first time I met her in Primary Five, I thought that she is a kind teacher. Later, I found that she is also a caring teacher. Whenever I ask her questions, she always answers me patiently. She never shouts at us. She is the kindest person I have ever met. My classmates elected me to be the monitress in these two years. She trusts me and gives me the confidence to do my job.

She will use different ways to teach us English. For example, she played a word game with us in the lesson last month. After playing the game, I can remember the English words easily. Sometimes she tells jokes in class too. I never feel bored in her class. My English has improved a lot, so I got second place in the form last year! I hope I can be an English teacher in the future.

I am going to leave C. C. C. Kei Faat Primary School ( Yau Tong ) soon. Besides thanking Miss Wan and my primary school with this writing, I will study hard and get good results in the future.
