Let's draw now!

Remember:

1. Think of an idea. Try to come up with a short adventure for the comic characters.
2. Plan a story. You've got four panels, so work out what's going to happen in each one.
3. Sketch a rough draft first. Then draw and colour nicely.
4. Every comic strip has a beginning, middle and end.
5. Add a sound effect, speech bubble and / or thought bubble in each panel.
6. After drawing the comic, write your comic story on the sheet provided.

Choose and ✓ one topic to create your comic:

- ☒ **An adventure**
☐ **500 years later**
☐ **Super**

Now, write your comic story in not fewer than 80 words here.

Last summer, I had a boat trip with my parents. Suddenly the weather turned bad. The lightning struck me. When I woke up, I was on an outlying island.

Driven by curiosity, I started to explore the nature. I encountered some cows, pigs and dogs. They were wild but looked very tame. I tried to make a raft, but I could not chop the trees without an axe. After a while, I saw a hut. I opened the door when a man was working on an experiment in a genetic-editing laboratory.

To my amazement, he had a dog with ten legs. He also had a cow with two mouths. I was very frightened. However, he promised to give me a boat, only if I gave him some cells.

Fortunately, I escaped from him and stole his boat for sailing at the critical moment. Finally, I returned home and had a reunion with my family.
