One sunny Saturday, I played a board game with my family at home happily. Suddenly, I was sucked into somewhere and I was at a loss how I could react to the unexpected event. Therefore, I cried loudly, 'Oh no!'

When I opened my eyes, I found that I was on the scene of the board game. Everything became very huge and I was open-eyed. Then, A paper dropped from the sky and I was surprised that it was a map of the treasure hunt! 'Let me go to find the treasure! Go!' I shouted thrilledly.

After that, I had an exciting adventure. I moved step by step. I rolled the dice to take action for completing the missions, such as collected the vegetables for the farmer, built a house with some bricks and fought with the monsters. Although they were hard for me, I completed them one by one. I felt satisfied!

Finally, I finished all the missions and won the monsters. I reached the location of the treasure and got the treasure chest. I felt really fulfilled and pleased with myself. What a thrilling adventure!
