Let's draw now!

Remember:

1. Think of an idea. Try to come up with a short adventure for the comic characters.
2. Plan a story. You've got four panels, so work out what's going to happen in each one.
3. Sketch a rough draft first. Then draw and colour nicely.
4. Every comic strip has a **beginning, middle and end**.
5. Add a **sound effect**, **speech bubble** and / or **thought bubble** in each panel.
6. After drawing the comic, write your comic story on the sheet provided.

Choose and ✓ one topic to create your comic:

- ☐ An adventure in space
☐ Daily life 500 years from now
☒ An amazing invention

Now, write your comic story in not fewer than 80 words here.

One day, Peter had an idea to prevent burglar from breaking into his house. He wanted to invent an anti-burglary device.

Two days later, Peter finished inventing the anti-burglary device. He made a mat and a controller. First Peter turned on the controller. When a person stepped on the mat, he would have an electric shock. Peter was very satisfied with his invention.

This morning, Peter was watching TV when his mum went shopping. He was careless and turned on the anti-burglary device. When his mum returned home, she was having an electric shock. All the food was thrown everywhere. Poor Peter! What an 'amazing' invention!
