Ken's adventure in space

Ken's father gave Ken a spaceship as his birthday present. He drove the spaceship in the space and started his adventure.

In the space, he saw many sparkling stars and asteroids floating near him. He also saw the biggest planet, Jupiter in front of the spaceship. While he was enjoying the spectacular view, some aliens suddenly jumped out. They wanted to catch Ken. Ken shouted, 'Oh no!' when he saw the aliens. The aliens said something that Ken didn't understand and started chasing him.

Ken took out the space gun and shot to the aliens. They got into the huge shoot out. The aliens injured in the shooting and ran away.

Ken was so excited because he could defeated the aliens by the space gun. He was thankful to his father who left the space gun in the spaceship for him. With the space gun Ken could continue to travel in the space alone.
