A letter to God to share the happiest moment in your school life

Dear God,

How are you? I would like to share my happiest moment in my school life with you.

I remember that when I was primary three, I won the champion of a 60m running competition on Sports Day. That's a precious and unforgettable moment.

Although I ^{have already} practiced for a long time, I ^{felt} really nervous about that. I was very worried before the competition and scared that I will lose the running competition because my friend was an amazing runner. She was good at running. I really wanted to beat her and win the champion. When the competition started, I fell over. It was so painful. I couldn't stand ^{up} but my ambition was strong. I stood up and ran as fast as a horse. It was tough but I didn't give up. The distance between me and her kept narrowing down as I ran faster and faster. Until the end of the running road, I finally passed her. I was on cloud nine. My friend gave me a hug and congratulated me.

I was overjoyed a lot. It was meaningful to me because I improved my results.

Love,

Rena
